

Richmond Yacht Club Cruising Series Amendment 1 - dated 30 November 2018

Clause 7.0 of the NOR is altered as follows:

7.0 Courses

For each race a desired destination and course is indicated, and we expect to use these courses on the day (see Page 61). However, in the event of unfavourable weather or other factors, RYC will update the course to a more "cruisey" option using the alternatives listed on the next page. Check in with the club by Wednesday prior to the race for the latest information, and double check the RYC and Westhaven start towers for changes to the course. More information is given on the new Alternative Start below and in the GSI (see 12.8 below). **In addition, the race committee may choose to use a Harbour course (pages 43-49 of the club handbook) with the after race gathering to be held at the club after the race conclusion. If a Harbour course is to be sailed, the start tower will fly the "C" over "1" Flags.**
